

SIZE CHART A

Size Chart A applies to the following items:

Galaxy Tunics (pages 110-115)

Wrap Collection (pages 122-127)

Tunics, Unitards, Pants (pages 128, 135-137)

Jumpsuits (pages 129-134)

Shirts (pages 140, 142-143 where noted)

Clearance Items (page 215)

SIZING GUIDELINES

1. Keep measuring tape straight against body, not tight. Do not add or take away inches.
2. Wear a leotard or underwear when measuring (not street clothes).
3. It's best to have one or two people doing all the measuring.
4. If measurements fall between sizes, order the next larger size.
5. Garments may be taken in, but in most cases cannot be let out.
6. Customer must convert to sizes according to chart below. This chart does not customize each individual. Please send measurements with your order for our records.
7. Sizes over XL may incur an extra charge per garment.

All special order garments are made to your specifications and cannot be returned

BUST/CHEST:

Measure the bust around the fullest part, keeping the tape close under the arms and across (not under) the shoulder blades

WAIST:

Measure the narrowest point

HIPS:

Stand straight with heels together and keep tape parallel to the floor as you measure the fullest part

GIRTH:

Measure from the center of the right shoulder through the crotch, up to the center of the left shoulder

FEMALE SIZE CHART

SIZE	BUST	WAIST	HIPS	GIRTH
XS	32	24	34½	56½
SMALL	33-33½	25-28	35-35½	53½-56½
